SUBJECT – STORY TELLING

Topic – A Very Hungry Caterpillar

Read the story and learn the Question Answers.

In the light of the moon, a little egg lay on a leaf. One Sunday morning, the warm sun came up and pop! Out of the egg came a tiny and very hungry caterpillar. He started to look for some food. On Monday, he ate through one apple. But he was still hungry. On Tuesday, he ate through two pears, but he was still hungry. On Wednesday, he ate through three plums, but he was still hungry. On Thursday, he ate through four strawberries, but he was still hungry. On Friday, he ate through five oranges, but he was still hungry. On Saturday, he ate through one piece of chocolate cake, one ice-cream cone, one pickle, one slice of Swiss cheese, one slice of salami, one lollipop, one piece of cherry pie, one sausage, one cupcake, and one slice of watermelon. That night he had a stomachache!

The next day was Sunday again. The caterpillar ate through one nice green leaf, and after that, he felt much better. Now he was not hungry anymore, and he was not a little caterpillar anymore.
