Dear Students of classes Nursery to XII,

It's our privilege to update you about the Collegiate's tireless efforts in keeping students, Parents linked together even though not coming physically to attend classes.

Ever since it was declared Stay Home Stay Safe in the last week of March, the Collegiate took no time to start virtual classes for Nursery to class 12.

We started class 11 also since class 10 had finished their examination large number of students started attending we have introduced Humanities in class 11 (at Sharda Nagar) since it was a strong demand by our parents.

We continued with virtual classes till 28th May and have resumed from 29th June again.

Collegiate had made special arrangements to keep students occupied even in this vacation month by organising online library classes and counselling sessions for the students which were greatly enjoyed by everyone.

To organise virtually is more difficult than having normal classes.

To keep students abreast of cocurricular activities Virtual Inter house quiz competition, Spell bee, word building , welcome and yellow day celebration and the most prestigious Investiture ceremony was organised. These programmes had songs dances prepared individually by the students and teachers but shown as a group activity on screen. It was indeed difficult but was excellently performed.

The Collegiate organised a virtual Alumni meet which was attended by more than 300 Alumnii from all over the world was an exhilarating program.

We have tried to update the photos on the website and all these programmes were live on Facebook which many of you must have watched.

We are now back to Online classes. We are sure they will be interesting and beneficial.

This will facilitate students to cover up the syllabus. Incase of technical snags or for any other reasons they miss on classes utmost care is being taken to keep students academically updated.

Your cooperation is essentially solicited. You may keep us updated by sending feedback through mail which will help us in providing better learning outcomes.

Kindly visit our website regularly for updates.

The Online Classes have commenced from 29th June'20 details of timetable and Syllabi is available on collegiate's website. To make Teaching-Learning more effective it has been decided to reach lessons to you through assignments in Microsoft Teams from Monday to Friday and will be removed on Monday morning the following week. Like wise the class work / home work material will be sent through assignment. The students are adviced to keep their work updated which will be checked during the class. Regular tests will also be shared through the same application.

Soliciting your kind co-operation.

JOINT DIRECTOR/PRINCIPAL
