5.	STORY TELLING (ORAL)	<p>Revise the given question answers of "THE VERY HUNGRY CATERPILLAR"</p> <p><u>ACTIVITY:</u> - Make a caterpillar using waste material on a A4 size paper</p>

The Very Hungry Caterpillar

In the light of the moon, a little egg lay on a leaf.

One Sunday morning the warm sun came up and out of the egg came a tiny and very hungry caterpillar.

On Monday he ate one apple.

On Tuesday he ate two pears.

On Wednesday he ate three plums.

On Thursday he ate four strawberries.

On Friday he ate five oranges.

On Saturday he ate chocolate cake, ice cream, pickle, cheese, salami, lollipop, cherry pie, sausage, cupcake and watermelon.

That night he had a stomachache.

On Sunday the caterpillar ate one nice green leaf and felt much better.

He built a cocoon and stayed inside for more than two weeks.

Then he came out as a beautiful butterfly!

1. Practise sums from the chapters: Patterns in Mathematics, Lines and Angles and Number Play in your self-work register.

2. Learn the squares of numbers up to 20.

3. Project Work:

i) Prepare a pictorial representation of some number sequences and patterns in shapes on punch sheets.

ii) Draw or paste pictures of real-life objects (at least 5) on punch sheets that show different types of angles, and name each angle correctly.

Science**Physics**

1. Prepare syllabus of Periodic Test -1.
2. Learn Question and Answers and exercises of each chapter.
3. Project File:- Make a project file and working model of the topic mentioned below.

- A. Water Harvesting model
- B. Water Pollution model
- C. Solar energy model
- D. Periscope model

Chemistry

1. Prepare syllabus of Periodic Test -1.
2. Learn Question and Answers and exercises of each chapter.
3. Project File:- Make a project file and working model of the topics mentioned below.

- A. Water distillation model
- B. Waste water treatment model
- C. Water cycle model
- D. Rainwater harvesting model
- E. Filtration model

Biology

1. Prepare syllabus of Periodic Test -1.
2. Learn Question and Answers and exercises of each chapter.
3. Project File:- Make a project file and working model of the topics mentioned below.

- A. Photosynthesis in plant model
- B. Parts of plant 3D model
- C. Seed germination project model
- D. Stomata (opening and closing) model
- E. Plant cell and animal cell 3 D model

Social Science	History Make a project file on Twin Wonders of the Indus Valley (about minimum 10 pages) Civics Prepare a creative chart/poster on “Unity in Diversity” using pictures, drawings, and slogans. Geography Make a working Model of the Globe. Learn all the written work done of Chapters 1, 5 and 12
Computer	1. Write differences between C++, Python and Java on a chart paper neatly. 2. Learn all Exercises and Question Answers of chapter “Coding in C++, Python and Java”. 3. Write an article on the topic “MS-Excel” in 100 words in a Punch Sheet.
Sanskrit	1) कक्षा कॉपी में कराया गया कार्य का अभ्यास करें तथा याद करें। 2) एक चार्ट में संस्कृत में (१ से २० तक) गिनती लिखें तथा प्रत्येक गिनती (संख्या) के सामने चित्र बनाकर दर्शायें।
GK	Learn Pg. No. 10,13,15,17,18
French	Revise professions and make stick puppet of different professions, label them in French.
Urdu	10 صفحات تک خوشخطی کیجئے سبق گائے کے تمام سوال جواب ، الفاظ کے معنی ، اور مشق یاد کریں -

HOLIDAY HOMEWORK
